

## Generations Photography Wedding Photo Packet

Thank you for choosing Generations Photography. This packet is being provided to give you the information needed to have successful photography coverage on your special day.

To ensure your photography is fully planned please ensure you complete the following:

- ❑ Determine locations for pictures
  - If you plan to have formal pictures taken at the ceremony location be sure to find out how long you may use the location following your ceremony and plan your photos accordingly
- ❑ Coordinate reservation for photo locations (if needed)
  - Some locations require reservations, payment and/or a permit—it is your responsibility to secure this if needed.
  - If you select an outdoor location for your formal pictures, be sure to have an alternative indoor location to use in the event of inclement weather.
- ❑ Complete the photo plan
  - As you complete your plan please be sure to take into account the timing for your ceremony, whether you will be doing a receiving line and the location of and the timing of your reception
  - Ensure that you make arrangements for the photographers to have seats at the reception.
- ❑ Notify family/friends: if there is anyone that you are including in formal pictures following the ceremony that are not in the wedding party or a parent of the bride/groom, be sure to let them know that their presence is requested for formal pictures. This will ensure that they are present when needed for pictures (Including a note in the invitation is an easy way to accomplish this.)
- ❑ Deliver the photo plan electronically at least 2 weeks before your wedding date
- ❑ Ensure final payment is received by us at least 1 week before your wedding date (your balance due is found on the first page of your contract)

NOTE: Locations that require a permit also require that you have the permit with you so you may send us the permit so that you do not need to be concerned with it the day of your event.

## Portrait Locations

*This is for your information and may be helpful in selecting photo locations.*

You may select any location regardless of whether it is included in this list. This list is provided to help you coordinate your professional portraits. Some locations require a reservation and/or a fee. You should coordinate your portrait location well in advance. Also, please determine an indoor location as a backup in the event that it rains.

### **Outdoor**

Your backyard

The backyard of a friend or family member

Town or county parks—see map on following page

### **Specific Locations**

Tinker Nature Park, Henrietta
